Made to Measure Mattresses - Made to Measure Boat and Caravan Mattresses & Custom Size Toppers

Call 01254 52066

Sleep Detox made to measure mattress service allows you to have your mattress made to your measurements. We can make a memory foam mattress for boat's, caravan's, motor homes or even a round mattress. We have a specialist range of waterproof covers for medical and outdoor mattresses. A mattress can be made to fit any size. Complete and submit the form below. We will then ensure your order is dispatched within **48 hours**. Our Bespoke mattress service offers great value for money.

We have shipped mattress throughout Europe

We have made many bespoke mattresses and toppers for caravans.

The growth over the last 2 years has been extraordinary. With 75 members of staff working in manufacturing, distribution and direct sales, we are looking to expand our manufacturing base to a newly built site to cope with global demand.

We provide a 24 hour next day delivery service. The hard work of all the staff at Sleep Detox, has given many the opportunity to a great night's sleep.

Made to Measure - Bespoke Mattresses -Custom Sized Mattresses

Sleep Detox specialises in making bespoke mattresses and toppers. As a manufacturer, we can make any size or shape the customer requests. In the past we have made round mattresses, mattresses and toppers with corners cut off and even products with the corners rounded off to perfection to fit an odd shaped bed base.

We have in depth technical experience and know how to enable us to cater for motor homes, caravans and boats. With all our products we offer a luxury quilted zip off cover, we offer customers the options of a waterproof cover for a medical mattress or an outdoor mattress. The waterproof cover offers great protection for the mattress or topper in wet conditions.

☐ Foam only ☐ Memory Foam

Enter your measurements:

A special size mattress for a caravan or a boat can be hard to find due to the odd measurements that it sometimes needs. Most caravan and boat mattresses are usually 6 inches in thickness. However, as a manufacturer we can offer more or less any thickness the customer asks for. The staff at Sleep Detox will work hard to meet all your caravan and boating needs.

With our bespoke products they are put into production as soon as the customer places an order. The foam is cut to the specified measurements. The mattress cover is made and fitted onto the mattress. Once your bespoke item is made, it is double packed and ready for delivery.

Our bespoke items are dispatched within 48 hours of the order being placed and a tracking number is available for the customer so they know the exact whereabouts of their item at any time during the delivery process.
